

Philip D. Bulsink, B.Sc., M.Sc.

CONTACT INFORMATION	h: bulsinkp@gmail.com gh: https://github.com/pbulsink	w: philip.bulsink@canada.ca https://bulsink.ca
SUMMARY	A proven problem solver with expertise in computational, inorganic, and analytical chemistry. Comfortable with aggressive learning curves and development of novel ideas. Adept at writing code in R and VBA to further research objectives.	
EDUCATION	University of Ottawa <i>Master's Degree</i> 2015 <ul style="list-style-type: none">• Thesis: "<i>Rhenium^I Terdentate Compounds: Theoretical and Experimental Investigations</i>"• Seminar: "<i>Recent Advances in NO_x Abatement from Diesel Engine Emissions</i>"• Tasks: Synthesis & characterization of ligands and catalysts with novel photochemical properties. In-depth mechanism studies with various computational packages. Developed software in Python to simplify & accelerate work.• Supervisors: Dr. Tom Woo and Dr. Darrin Richeson University of Waterloo <i>Bachelor of Science, Honour's Chemistry, Co-op, Music Minor</i> 2012 <ul style="list-style-type: none">• Honour's Thesis: "<i>Solid Sample Analysis by Microplasma Optical Emission Spectroscopy</i>"	
PROFESSIONAL EXPERIENCE	Characterization Laboratory, CanmetENERGY, Natural Resources Canada Ottawa <i>Fuels Chemist</i> 2014 – Present <p>Perform method development and routine analysis, including HPLC, GC-MS, and GCxGC for solid, liquid and gaseous samples. Manage statistical control charts and other documentation for ISO9001 certification. Oversee instrument repair and maintenance. Represent laboratory at internal and external client meetings.</p> University of Ottawa, University of Waterloo Ontario <i>Laboratory Teaching Assistant</i> September 2011 – May 2014 <p>Teaching assistant for undergraduate labs in general, organic, inorganic, analytical, and physical chemistry. Demonstrated techniques and explained theoretical basis for experiments.</p> CanmetENERGY, Natural Resources Canada Ottawa <i>Research Assistant - DeNO_x Group</i> May 2010 – August 2011 (12 months total) <p>Research of homogeneous catalysts for removal of NO and NO₂ from lean-burn diesel engine exhaust. Improved catalyst testing procedures. Scaled catalyst synthesis by 3 orders of magnitude. Custom-built instrumentation and software for investigations. Prepared manuscripts for publishing.</p> <i>Analytical Chemist - Characterization Laboratory</i> January – April 2009 <p>Performed analysis of solid and liquid fuel samples. Designed and implemented a software based quality control monitoring system to assist ISO 9001:2000 compliance. Repaired analytical instruments.</p> Kinectrics Inc. Etobicoke <i>Analytical Chemist</i> September – December 2009 <p>Adhered to stringent ISO 17025 and ISO 14000 specifications while performing various chemical analysis. Prepared and tracked round-robin test samples for distribution to other laboratories.</p>	

HONOURS AND DISTINCTIONS	Excellence in Science - Departmental Achievement Award, Natural Resources Canada	2023
	Positive Workplace Impact - Energy Efficiency & Technology Sector Award, Natural Resources Canada	2022
	Innovation & Creativity - CanmetENERGY-Ottawa Award, Natural Resources Canada	2021
	Dean's Scholarship, University of Ottawa	2015
	Dean's Honour Roll, University of Waterloo, University of Ottawa	2011 – 2014
	Graduate Student Poster Award, CSC Inorganic Division Poster Symposium, Quebec City	2013
	Recognition of Collaboration - Departmental Achievement Award, Natural Resources Canada	2012
	Aileen Proudfoot Award, CanmetENERGY, Natural Resources Canada	2011
	Outstanding Co-op ranking, University of Waterloo	2009 – 2012

ACTIVITIES	fldataR Package	
	Author & Maintainer	2022 – present
	Support, maintain, and improve R language package for accessing Formula 1 data via the FastF1 Python package. Includes maintaining R – Python interface via 'reticulate' package, responding to CRAN requests for changes, and handling issues as they are raised on GitHub.	

BultinkBot*Designer & Programmer***2018 – present**

Developed predictive models for NHL Hockey game, season, and playoff results. Posted daily predictions on Twitter, Mastodon and BlueSky social networks. Ranked in top 5 predictive performance in annual competitions against other amateur and professional prediction models from 2019 to present. Provided predictions for dailyfaceoff.com for 2 years (2021-2022 and 2022-2023).

ChemCalculator.com*Designer & Programmer***2013 – 2017**

Developed website containing various chemistry calculations not available or not user-friendly elsewhere online. Direct application of self-taught and online course-based knowledge and principles of programming.

Giving Refugees Hope in Uganda, Ottawa, Ontario, Canada*Co-Founder, Vice Chair***2013 – 2016**

Co-founded charitable organization assisting refugees in Kampala, Uganda. Administer projects, developed website, maintain online & social media presence. Received charitable status from Canadian Revenue Agency in 8 months.

University of Waterloo, Waterloo, Ontario, Canada*Residence Don***May – August 2009**

Responsible for the well-being of 29 first and second year students. Counselling peers through personal and academic concerns. Organized floor and residence outings. Acted as a liaison between students and the Residence Manager.

Continuing Education

Completed the 'Data Science' specialization on Coursera, offered in partnership with Johns Hopkins University.
